

## Dor Bahadur Bista Prize for the Best Graduate Student Paper

### 2022

The Dor Bahadur Bista Prize honors the life, career, and service of Dor Bahadur Bista, Nepal's renowned anthropologist and former Honorary President of the ANHS predecessor organization, the Nepal Studies Association (NSA). The purpose of the prize is to recognize outstanding scholarship by graduate students whose research focuses on the areas of High Asia (Hindu Kush – Karakoram – Himalaya – Tibetan Plateau) that comprise the principal interests of ANHS. Submissions from all academic disciplines in the social sciences, humanities, and arts will be accepted.

All submissions are expected to be ready for publication and must not have been previously published nor be under consideration for publishing at the time of submission. HIMALAYA, the journal of ANHS, encourages to submit the paper for publication but it reserves the right of first refusal for publishing any awarded papers. Like all papers submitted to HIMALAYA, papers will be peer reviewed and must conform to the journal's submission guidelines (see details at: <https://himalayajournal.org/submit/>). Multiple author papers are acceptable, provided that the graduate student applicant is the first author.
